Dear Mr. Fabian:

Re: Kutcho Copper Zinc Silver Gold Mine Project Environmental Assessment

I am writing with respect to the Kutcho Copper Zinc Silver Gold Mine Project Environmental Assessment. There is currently no ongoing work on the Project and there is no further work planned at this time. The British Columbia Environmental Assessment Office recently granted our request to withdraw the Kutcho Project from the provincial environmental assessment process. In light of this, we request that the Kutcho Project also be withdrawn from the federal environmental assessment process.

Sincerely,

<Original signed by>

Gregg Bush/ J
President and CEO
Kutcho Copper Corp.
