Regional Assessment of Interest (select all that apply): Newfoundland and Labrador Nova Scotia

Advisory Group(s) of Interest (select all that apply):

- Indigenous Knowledge
- Scientific Information and Community Knowledge
- Fisheries and Other Ocean Uses

1. ALL ADVISORY GROUPS

1A. All advisory groups will provide information and advice to the Committee on topics relevant to the regional assessment. For which of the following topics do you have information or advice to provide to the Committee? Please select all that apply.

- Environmental, health, social and economic conditions
- Information and knowledge gaps and potential opportunities to address these during or following the completion of the Regional Assessment
- Need for and purpose of offshore wind development in the Study Area
- Physical activities associated with construction, expansion, operation, decommissioning and abandonment of offshore wind developments
- Key locations of interest for future offshore wind development activities in the Study Area (to help focus the Committee's work on areas that are most likely to see future development interest, based on technical and economic factors)
- Regulatory requirements for offshore wind developments
- Potential positive and adverse effects of offshore wind developments, including cumulative effects and associated sustainability considerations
- Mitigation and other approaches for avoiding or reducing potential adverse effects of offshore wind developments, and creating and maximizing potential positive effects
- Follow-up requirements for offshore wind developments

1B. Please give a brief description of the information and/or expertise you have to offer for the topics you selected above.

2. SCIENTIFIC INFORMATION AND COMMUNITY KNOWLEDGE ADVISORY GROUP
